### ***Response to Arguments***

1. Applicant's arguments, see page 6 of the remarks, filed 1/16/08, with respect to claims 1-20 have been fully considered and are persuasive. The 35 U.S.C. § 102 rejection of claims 1-20 has been withdrawn.

### ***Allowable Subject Matter***

2. The following is an examiner's statement of reasons for allowance:

Referring to claim 1, the cited prior art teaches a method for improving use of printing device, comprising: determining usage characteristics of a printing device, determining all options available for said printing device, determining all installed options currently existing on said printing device, and determining a set of optimal options based on said usage characteristics, said available options, and said installed options.

The cited prior art does not teach the method above further including determining all available options of paper handling, consumable, servicing, print processing, configuration, software, and hardware, and determining all installed options of paper handling, consumable, servicing, print processing, configuration, software, and hardware.

For the same reasons, claim 16 is allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
